

AGU FALL MEETING 2006

Calendar of **International Polar Year** and IPY-Relevant Sessions

Monday

0800 [B11D](#) MCW 3016
Biogeochemistry in Extreme Environments I

0800 [PP11A](#) MCS 274
The Driver of Quaternary Climate Change: Tropics Versus High Latitudes I

1340 [B13C](#) MCW Level 2 - Posters
Biogeochemistry in Extreme Environments III

1340 [IN13B](#) MCW Level 2 - Posters
Exemplifying Electronic Geophysical Year Principles: eGY Showcase Projects

1340 [PP13A](#) MCW Level 2 - Posters
The Driver of Quaternary Climate Change: Tropics Versus High Latitudes II

1340 [ED13B](#) MCW 3003
Polar Bears and Penguins Are the Tip of the Iceberg: Education, Outreach, and Communication (EOC) Strategies for the International Polar Year & Beyond I

1600 [ED14A](#) MCW 3003
Polar Bears and Penguins Are the Tip of the Iceberg: EOC Strategies for the IPY and Beyond II

1600 [U14C](#) MCW 3018
International Polar Year 2007-2008: Global Science at High Latitudes I

Tuesday

0800 [U21B](#) MCW Level 2 - Posters
International Polar Year 2007-2008: Global Science at High Latitudes II

0800 [U21D](#) MCW 3018
Polar Regions: Past, Present, and Future Changes and Synthesis of Their Role in the Modern Earth System I

0800 [PP21A](#) MCW Level 2 - Posters
Understanding the Bipolar Climate Machinery

0800 [PP21D](#) MCS 274
Perspectives on Southern Ocean Paleoceanography and Paleoclimatology I

0800 [B21C](#) MCW Level 2 - Posters
Hydrology & Biogeochemistry of Northern Watersheds: Current Status and Response to Climate Change I

1020 [U22A](#) MCW 3018
Polar Regions: Past, Present, and Future Changes and Synthesis of Their Role in the Modern Earth System II

1340 [U23A](#) MCW 3018
Polar Regions: Past, Present, and Future Changes and Synthesis of Their Role in the Modern Earth System III

1340 [PP23A](#) MCW Level 2 - Posters
Perspectives on Southern Ocean Paleoceanography and Paleoclimatology II

1340 [B23E](#) MCS 274
Hydrology & Biogeochemistry of Northern Watersheds: Current Status and Response to Climate Change II

1340 [ED23A](#) MCW Level 2 - Posters
*I*Y: Education & Outreach Activities for IGY+50 I*

1340 [ED23B](#) MCW Level 2 - Posters
Polar Bears and Penguins Are the Tip of the Iceberg: EOC Strategies for the IPY and Beyond III

1600 [U24A](#) MCW 3018
Polar Regions: Past, Present, and Future Changes and Synthesis of Their Role in the Modern Earth System IV

1600 [A24A](#) MCS 300
Northern Extra-tropical and Arctic Storm Activity: Variability, Long-Term Changes, and Impacts II

Wednesday

0800 [U31B](#) MCW 3018
Polar Regions: Past, Present, and Future Changes and Synthesis of Their Role in the Modern Earth System V

0800 [C31A](#) MCW Level 2 - Posters
Glacier and Ice Sheet Hydrology: Processes in Subglacial Environments I

0800 [C31B](#) MCS 307
Marine Cryosphere I: Sea Ice Interactions With Arctic Ocean and Ecosystem

1020 [U32A](#) MCW 3018
Ice Cores and the Earth System I

1020 [U32B](#) MCS 308
IGY +50: History, Significance, and Context

1340 [U33A](#) MCW Level 1 - Posters
Polar Regions: Past, Present, and Future Changes and Synthesis of Their Role in the Modern Earth System VI

1340 [U33C](#) MCW 3018
Ice Cores and the Earth System II

1340 [C33B](#) MCW Level 2 - Posters
Marine Cryosphere III: Rapid Transition From Perennial to Seasonal Arctic Sea Ice

1600 [U34B](#) MCW 3018
Ice Cores and the Earth System III

1600 [SM34A](#) MCW 3006
Van Allen Lecture: From the IGY to the IHY: A Changing View of the Van Allen Radiation Belts

Thursday

0800 [U41E](#) MCW 3018
Ice Cores and the Earth System IV

0800 [IN41A](#) MCW Level 2 - Posters
Data Sources and Management for the 2007-2009 International Polar Year I

1230 [U42D](#) Marriott Salon 8
Union Lecture: Climate Change: The Role of Science and the Media in Policymaking: Presented by the Honourable Al Gore

1340 [U43B](#) MCW Level 2 - Posters
Ice Cores and the Earth System V

1600 [IN44A](#) MCW 3003
Data Sources and Management for the 2007-2009 International Polar Year II

Friday

1020 [ED52A](#) MCS 274
*I*Y: Education & Outreach Activities Supporting IGY+50 II*

1020 [OS52B](#) MCS 310
Tectonic and Paleoclimatic History of the Arctic Ocean Basin: Results From HOTRAX and Other Arctic Ocean Research Programs I

1340 [OS53B](#) MCW Level 2 - Posters
Tectonic and Paleoclimatic History of the Arctic Ocean Basin: Results From HOTRAX and Other Arctic Ocean Research Programs II

1340 [C53A](#) MCW 3001
Glacier and Ice Sheet Hydrology: Processes in Subglacial Environments II

1340 [C53B](#) MCW 3016
Post International Polar Year: Geophysical Exploration of Antarctica

1600 [C54A](#) MCW 3001
Glacier and Ice Sheet Hydrology: Processes in Subglacial Environments III

Town Meeting

1800 Tuesday, December 12th
Marriott Convention Center (Room Sierra K)

GIIPSY Team Meeting to discuss plans for space-borne observations during the IPY.
